## Best in Class For Schools

For over 95 years,  
Utility Refrigerator has  
offered superior solutions by  
way of exceptional quality in  
long lasting equipment.  
Fresh meals daily are possible  
with reliable equipment  
designed for operators.  
Service ports and non-  
proprietary components  
mean you can service the  
units and the parts won't  
become obsolete.  
Questions? Have a problem?  
We are always available.

We manufacture a complete line of quality  
Reach-In, Roll-In and Pass-Thru refrigerators  
and freezers, as well as Hot Food Cabinets.

## Reliability Schools Can Depend On

Utility Refrigerator Systems are designed so districts maintain control  
over maintenance, service timelines and long term costs.

EXCLUSIVE REFRIGERATION SYSTEMS

*Service and Maintenance Teams Love Utility*  
**HERE ARE FIVE REASONS WHY**

- #1 We use off-the-shelf components. No need to special order or worry parts will become obsolete.
- #2 We build in standard features that help you quickly diagnose issues.
- #3 Our high-quality units operate a very simple, easy-to-service system.
- #4 We offer on-site training at no additional cost to you.
- #5 We offer lifetime tech support at no additional cost to you.

UTILITY REFRIGERATOR DELIVERS...

# One Investment. Decades of Reliability.

Utility Refrigerator units are engineered specifically for the demands of high-volume K-12 kitchens. Built to withstand constant door openings, demanding serving schedules, and years of daily operation. Because schools don't operate occasionally, they operate constantly.

PROTECT CAPITAL BUDGETS | REDUCE EMERGENCY REPLACEMENTS | SUPPORT LONG TERM FACILITY PLANNING

*Let us evaluate your school kitchens.  
Utility Refrigerator supports districts with:*

- Equipment Lifecycle Planning
- Replacement Assessments
- K-12 Specification Guidance
